Information in calendar

You would provide all of the pertinent information for the calendar. All of the information needs to be typed (Microsoft Word or Excel) and then emailed to me at sales@ussafetyproducts.com. Once all of the information is submitted to me, I will format the calendar. I will then show you a proof and you need to initial and sign off stating the proof is ready to go to print. Please allow 4-6 weeks after the final proof is approved, for final product.

Payment

Shipping and handling will be calculated at time of order. If you have a tax-exempt letter, please furnish it so you do not have to pay sales tax. Your check can be made out to *US SAFETY PRODUCTS* and mailed to the address below.

When ordering, keep in mind the following, because once your quantity is printed I can't run a few extra after they have been printed. Individuals may want an extra one for themselves, their spouses, their personal vehicles, etc. You may want an extra one for department vehicles (keep in clipboards, dashboards, etc) or even an extra one for department offices.

Hopefully you will find this public safety calendar an excellent "tool" for you and your department.
